

**SIA TIP FOR THE MONTH OF MAY**

So, you've passed your security guard training & you have your SIA licence. Like any career however, the training never really stops. You will always be learning as your career progresses, & of course it is natural that experience will make you better at your job. However, no matter where you are in your security career, or how long you have been in the role following these top 7 tips should help you better security guard.

- 1) Review your course materials
- 2) Take refresher courses
- 3) Stay fit & Healthy
- 4) Practice self-defence
- 5) Know your Neighbourhood
- 6) Know the procedures
- 7) Continue to Learn.

SIA LICENCE CHANGE FOR 2025

Starting from 1 April 2025, Individuals seeking to renew their door supervisor or security guard licences will be required to complete a refresher qualification. This requirement ensures that security professionals remain updated with industry standards, legal requirements, and best practices. The refresher training is designed to reinforce key skills and introduce new knowledge areas that have relevance due to industry changes. [Read more..](#)

Interesting Events

Our team worked at Duxford last Month and will be working with them again in June 2025. This air show was a splendid celebration of England history, and it was a great day at Duxford. This was the first air show of the year 2025, great to see many people enjoying the day along with our security officers. The atmosphere was awesome, and it was great to see and speak with some veterans who flew from Duxford during the war.

Stay tune for the next air show in June 2025. See you there.

**INSPIRATION QUOTE FOR MONTH OF**

Nothing is Impossible. The word itself says I'm possible

-Audrey Hepburn
