

## XMAS MESSAGE

Dear Team,

As we wrap up another year, CIO want to take a moment to thank each of you for your unwavering dedication, vigilance, and teamwork. Your Commitment to keeping our people, assets, and information safe has been nothing short of inspiring.

This year brought its share of challenges, but together, we faced them head-on from late-night shift to rapid incident responses, and from proactive risk assessments to ensuring our systems stayed secure. You've shown that security isn't just a job, but a responsibility you carry with pride. The Festive season is a time to reflect, recharge, and reconnect with loved ones. I hope you take this opportunity to rest, enjoy the celebration, and return refreshed for the year ahead.

Best Regards  
CIO Team.

## Security Tips for this Festive Period

As we come together to celebrate the festive season, let's make safety and security part of our holiday plans.

- 1) **Stay Alert:** If something doesn't feel right, trust your instincts and report it to the police or security staff immediately.
- 2) **Protect Your Belonging:** Keep bags zipped, valuable out of sight, and be mindful in busy shopping areas, market, & events.
- 3) **Online Safety:** Beware of festive scams and fake offers. Only shop from trusted websites and avoid clicking suspicious links.
- 4) **Travel Smart:** Plan your journey, stick to well-lit routes, and arrange safe transport home after celebrations.

Let's make Christmas & New Year 2026 joyful, safe, and memorable for all. If you see something unusual, call 999 in an emergency or contact 101 for non-emergencies.

Stay safe, stay aware, and enjoy the season responsibly.
